

Computer Simulation Symposium

April 25 (Tuesday) in RCHM 009 (Rooke Science):

10:00 am Gwynne Aull

"Simulating a Square Eden Model"

10:25 am Amin Danesh

"Fractal Dimension of the Dielectric Breakdown Model"

10:50 am Chris Fabian

"A Simulation Model for Aircraft Flight Dynamics"

April 27 (Thursday) in RCHM 009 (Rooke Science):

10:15 am Michael Bolish

"Transmission Dynamics of Racism with Community Resilience"

10:35 am Will Amrhein

"Simulating the Motion of the Euler's Disk"

10:55 am Wujji Mi

"Simulation of a Stock Market Model"
